The lands between the present and the past, between the material and the immaterial. Welcome to the lands between, where the harmony of nature and the harmony of civilization are mixed together, and where stories are born. A place where time is distorted and past, present and future collide. "We have found neither the world nor the words to explain it." - Geralt of Rivia, The Last Wish The light of the world still shines brightly in the lands between, but the darkness stretches endlessly. In the eastern land of Elden, the trees reach the sky, and the living beings that inhabit the land are boundless. \*The titles and brands listed herein are trademarks or registered trademarks of their respective owners in the United States and other countries. size fits all". Biological plausibility, which refers to the ability of biological mechanisms to explain the occurrence of a phenomenon, has been the subject of extensive debate in medicine. Even though the scientific method, which is primarily concerned with material evidence, has made huge contributions to the advancement of the medical sciences, the problem of reconciling medical practice with biological facts has remained a major challenge. This is of particular importance in the dentistry of the future. Recent interest in the development of diagnostic tests for odontogenic infections has raised concerns about the assumption of biological validity, which states that a test, when it is shown to have a good diagnostic or prognostic property, has been shown to be applicable to all individuals. However, the reality is often different. We reviewed the literature and observed that biological plausibility in many cases is an untenable notion and can only be considered in a limited sense. When seeking the basis for such assessment, we propose that what must be remembered is that a test should be a measure of what it is intended to measure. Therefore, we would like to establish a theoretical framework for the discussion of biological plausibility

**"The endless flow of deep gameplay, splendid graphics and wonderful sound and music could not fail to please players." \_"GAME APP IRON", game review for KONAMI\_ "Beautiful and deep, the catch of the game is that you have the feeling of being lost in various worlds and have a lot of fun." \_"POTCULIBR" \_ "The graphic and sound are the best. But the first-person shooting is not so cool. It'd be better to give us a ground-based battle." \_"Game\_{Z}" \_ "The game has a beautiful design and is very cool. You can see that the graphics are very good in the game." \_"Whois\_wolf" \_ "If you love to shoot games, you should have this game. I recommend it." \_"Zen\_Den" \_ "It has long been in demand of great battles. And it is also a strong RPG story." \_"unleart" \_

☐☐☐ Character Creation Character Creation To create your own character in the Elden Ring, go to the main screen, tap on the "Create a character" button, and select a race. 1. Build a strong, sturdy and strong-willed character. 2. Choose a name for your character. 3. Adjust the traits, appearance, and skills according to your preferences. Setting Setting The Lands Between is where a forbidden war is about to start. A place where time is frozen. A place where dreams and fantasy characters live. A place where there is nothing you can count on. The 11 races and 5 classes available as playable characters. In addition, there are NPC allies who will help you on your adventure. -Classes Classes Every character class has its own unique traits. The class you choose in the beginning of your adventure determines the direction and focus of your actions. Also, it determines the weapons and equipment you can use, as well as the background of the world. Unlike in a traditional RPG, you can create and enjoy class based characters. There is no gender restriction. Class-based characters can be created independently from the gender of the character creator. ☐Race Race + The Elden Ring is a tool that can be used for a variety of purposes, one of which is racial evolution. The races will be able to use this function, and it will change all characteristics of your character, and put them on a faster track of improvement. -Classes Classes The Adventurer Adventurer The Adventurer can choose between two archetypes; the Strong Hero or the Strong Heroine, both with distinct traits. The Adventurer can choose between two archetypes; the Strong Hero or the Strong Heroine, both with distinct traits. In addition, the Adventurer can choose a sub-class. Whether you choose the Heroine or the Hero, you can become a hero through the effects of your Special Trait. The Adventurer has the highest max HP among the character classes.
