Video: Players' individual strengths, weaknesses and playing style translated into gameplay. This innovation allows the player to be fully immersed in a simulation of a live football game in an entirely new and unprecedented way. "HyperMotion" technology combines the work of over 100 top football analysts to derive real-life physical data from live gameplay. This is fed into the gameplay engine in order to provide a completely unique and authentic simulation of the real thing. FIFA Premium subscribers can use it now. Players Most attention on new players has focused on key new additions - such as Wissahickon's new manager Ronald Koeman and Sergio Ramos - but there is plenty of new blood on the pitch, as well. Take Steven Davis, for example. Despite starting out playing for the Blues, the Welsh international has been brought in to strengthen the wingback position. Davis started his football career with Tottenham, and made his first team debut in the FA Cup. He made his international debut against France in January 2012. Previously, the 27-year-old was the first-choice left-back for the Welsh national team and was a member of the squad that beat England in the Euro 2016 qualifiers. In addition to the transfer of Davis, a number of players have been added to the game to cover the various positions. Everton's Aaron Lennon has been given a role as a holding midfielder. Matt Miazga has been added to the New York Red Bulls XI and former Dutch international midfielder Nigel de Jong will also join the game as one of the squad's midfielders. Sporting Intelligence Team FIFA 16 was first introduced to the United States as the "2016 MLS Simulation Game," developed specifically for the country's professional soccer league (MLS) and two U.S. national teams, the U.S. Men's National Team and U.S. Women's National Team. However, the title FIFA Ultimate Team in-game currency item pack, a FIFA 16 base game, and a FIFA 16 Season Ticket membership were released to international markets, including the U.S. FIFA Ultimate Team item pack, a FIFA 16 base game, and a FIFA 16 Season Ticket membership were released to international markets, including the U.S. This year's FIFA, however, will be much more than just an MLS game. EA's global product manager for FIFA, Adam Petros, said, "This year, we're
