I've been teaching a group of students, and while I gave them some interesting facts about social order and hierarchies, I also made them realize that the most basic principle of a social order is that of ranking. While I was talking about ranking, I started to wonder what the Spanish word for "rank" was. In Spanish, the word I'm after is the word "suceder" (loosely translated as "take rank"), like this: [1] Cuando (...) lo ejercite tú deberá tener en cuenta lo que yo digo y debidamente te sucederá. [2] (...) Necesito que (...) te suceda el mayor (de los dos) que se encuentran en el reino del maldito. The first example I've made them by means of a dialogue, which I think is a good way to practice the language. But anyway I gave them homework, and while I've already found a textbook for this topic in Spanish, I really need some help. I'd like to ask for some help with the vocabulary, apart from what you think it should be for "take rank" (rankes, orden, etc.). Thanks. A: Suceder en serio o en broma Poco diferente de "el ganador deberá ser el que...", "el ganador deberá ser (...)", y "el ganador deberá ser el más..." [1] Cuando (...) lo ejercite tú deberá tener en cuenta lo que yo digo y tus acciones
